

**Paper and Vinyl Crafts:** Using a Cricut, electronic cutting Machine.

## **Requirements**

Cricut Maker / Explorer2 and laptop computer or tablet.

Cutting Mat to protect the tables

Weeding tools

Standard Cricut Mat

Cricut Pen/s

Standard cutting tool

Scoring tool

5 sheets of 210gsm Card Stock

6 sheets of coloured 80gsm card stock

Craft glue

Various paper craft tools.

Additional cost for materials is expected to be \$5 per week.

## **Workshop expectations**

This is a 'beginner's' workshop and is more to do with creating a project rather than the projects themselves. Hopefully this will help increase the knowledge for your future projects.

The idea is to get likeminded people to understand and work together with Cricut Design Space.

Work through the features of Design space leading onto the Import of clip art and SVG files for use in their designs.
