

Mosaics Kit

When organising your kit, try to recycle and upcycle, raid the shed, raid the kitchen drawers etc. Its not necessary to have “new gear”.

There are many glues but I recommend Prep which is available from Mitre 10

Wheeled nippers available from Bunnings

Large old towel for working on

Tea towel

Hammer to smash up tiles

Small old paintbrush

A few cotton buds

Old shirt or apron

Fast food containers to keep your tiles in

Large tweezers

Pop sticks or satay sticks

Safety goggles

For grouting you will need

Bucket and another container to mix grout in. 1kg yogurt containers are good.

Gloves to protect hands

Spatular or old thong to spread grout

Old thick sponge to wipe grout off

Tiles but not floor tiles. Broken china can be used.

Pinterest have some great ideas for simple beginners ie house number

A small fee is payable to cover some supplies ie the backing board.

Looking forward to meeting you all.
